Program Review

Institutional Research is asked to provide data for programs under review each reporting cycle. Common definitions are applied to all programs under review, resulting in consistent reporting.

In addition to graphical presentation, many measures include numeric counts of data. The user is cautioned to consider the number of records used in an average. In some cases, a low 'N' may generate results which may be misinterpreted.

Total Amount = funding received from external sources in the given fiscal year for the department.
 (This amount is using credit splits when awards are shared among departments)

Incremental counts reflect awards that continue past the initial year.

Dollar amounts are shared between PI's and Co-PI's. Awards are credited in full to PI's
 This can sometimes result in data that displays dollars but no corresponding counts in new or incremental awards.
